NOTE TO 4-H'ERS: *As the owner of this project(s), you are encouraged to demonstrate your own ability, knowledge, and skill as a feeder and fitter of livestock. You should do your own work, with parent/leader/agent support. You will develop decision- making skills when facing options while raising these projects. Please avoid abusive or questionable techniques in the feeding, fitting and showing of your animal. Also, please do not resort to fraudulent, illegal or deceptive practices when fitting for shows. These animals belong to you and it is up to you to disallow such practices on your animal. You should read, understand, and follow the show rules, too. And, at the conclusion of this experience, you will have achieved your own goals, learned the proper care and treatment of animals, been involved in the production of a wholesome food supply, and developed a sound moral character in yourself and others.*

Good luck with your projects!!
